Welcome to Allure Cosmedic

Located in scenic Milton, Ontario, we aim to bring to you the most premium centre for all your skin needs. From replenishing treatments and procedures to making your skin feel alive again, we cater to all your dermatological needs. Our specialization in treatments such as laser hair removal, age spots, sun damage, rosacea, scars, acne, ingrown hairs and pigmented lesions enables us to offer the most effective and safe features technology has to offer for our valued customers. In conjunction with our lasers we provide chemical peels, microdermabrasion, and a full line of medically developed skincare products for ultimate body treatment.

LEARN MORE

WHAT OUR CLIENTS HAVE TO SAY

"I am very pleased with the outstanding service I received at the Allure Cosmedic. Being a physician myself, I was very picky about choosing a skilled professional. I should mention that the aesthetician is great at electrolysis and the Apilus electrolysis device that she uses is one of the best for permanent hair removal. I was so impressed. I highly recommend this place for medical-grade skincare!"

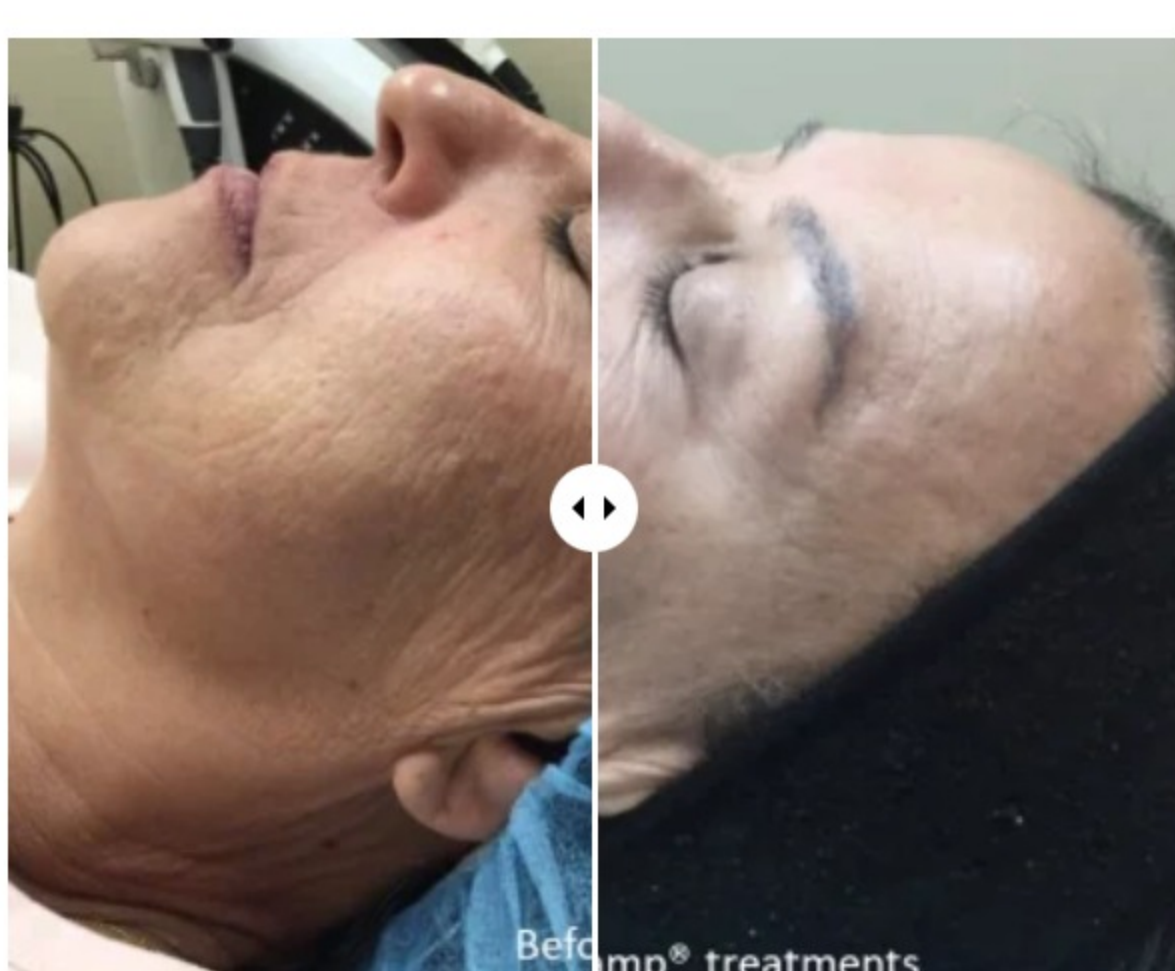

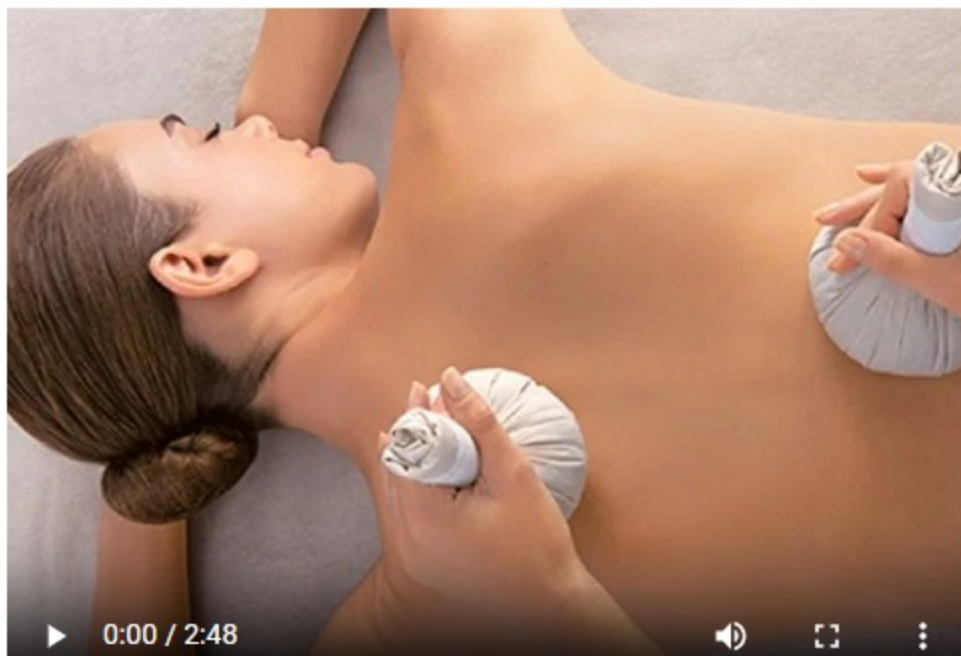

Tabassum Sheikh

The best solution to all your body weight problems!

Do you find it challenging to incorporate diet/gym in your daily routine? Are you looking for a natural, harmless, effective and result-oriented way to lose body fat? Well your search ends now.
